Exclusive developments for supervision, education and training of children

**FROM 6 MONTHS TO 3
YEARS IN PUBLIC OR
PRIVATE FACILITIES**

QUADRO has developed three new Toddler Play-center models specifically designed for children from 6 months to 3 years.

These well-engineered Playcenters designed for kindergartens and day-care centers are delivered with a 6 years guarantee.

Equipped with the brand-new QUADRO Hole panel for perfect supervision, Multi-wheels, Toddler slide, Ball pit and Tunnel, these Playcenters are unrivalled and completely without alternative in this age class.

EAN 4260 1877 575 93

Between 1976 and 1979 QUADRO was developed together with the German TÜV. One of the targets were to create a toy for kindergartens. The focus on kindergartens explains why QUADRO has this high quality, because it was designed from the beginning to be a professional equipment for the highest requirements.
